Re: Letter of Reference

To whom it may concern,

Smith & Caughey's have been using Flybusters Antiants for approximately 1 and a half years. During this time we have found them to be very helpful, knowledgeable and always on time with their servicing. Viv and her team are always available when we require, and nothing ever seems to be too difficult for them to sort out or arrange.

We are very happy with our ongoing relationship with Flybusters Antiants and we look forward to the continued business with them.

If you require any further information from us, please do not hesitate to contact me.

Yours sincerely

Matt Harray  
Retail Manager  
SMITH & CAUGHEY LTD.
